RHEUMATISM

THRESCORE YEARS AND TEN.

TAX ON THE COMPANY

THE EXPRESS PEOPLE MUST PAY THE STAMP CHARGE.

THIS IS COLONEL BRADY'S RULING.

He Thinks the Law is Plain on This Point—A Decision to Be Rendered as to Who Pays for Stamps on Telegraph Messages.

Though the affairs of the Internal Revenue Department in this city move along just as if nothing had happened, vexed questions concerning the new law continue to arise, and points are constantly being decided that have a wide public interest. Such a case came up yesterday upon complaints from various sources that express companies were refusing to ship freight unless the consignor affixed and paid for the stamps required by the law to be attached to bills of lading. This complaint appears to have been a very general one, having been registered in different parts of the country.

COMPANIES MUST STAMP THEM.

Colonel Brady gave the following opinion on this point:

"It is the duty of the express company to issue to the shipper or consignor a bill of lading, manifest, or other evidence of receipt, with an internal revenue stamp of the value of 1 cent, duly attached and cancelled, and any failure to issue such bill of lading, manifest, or other memorandum as provided by the act shall subject the express company to the penalty imposed by law for each offense."

The law is so plain, says Colonel Brady, that it is difficult to imagine how it could possibly have been misconstrued. It reads as follows:

"It shall be the duty of every railroad or steamboat company, carrier, express company, or person who, for hire, occupation is to act as such, to issue to the shipper or consignor, or his agent, or person from whom any goods are accepted for transportation, a bill of lading, manifest, or other evidence of receipt, with an internal revenue stamp of the value of 1 cent, duly attached and cancelled, and any failure to issue such bill of lading, manifest, or other memorandum as provided by the act shall subject the express company to the penalty imposed by law for each offense."

IMMUNE CO. ALMOST COMPLETE.

Capt. Mackey Needs Only 18 More Men—Free Recruits for 2d and 4th.

Captain Mackey, who has been here for several days enlisting negroes for his company of immunes, has met with great success. He only lacks eighteen of having his full quota of eighty-one men, and yesterday he had an examining officer at work passing upon his men. All but four of the recruits passed, and as soon as the remaining eighteen are secured the company will be complete. The company will be mustered in and moved to Jacksonville, Fla., where it will join the regiment of immunes.

At the St. Claire Hotel the work of enlisting goes slowly on. Three men were enlisted yesterday for the Second Regiment, and two for the Fourth. One man was rejected upon physical examination. It is probable that a consignment of volunteers will be sent to Jacksonville to-day.

Mr. A. P. Moore, who for years has been a clerk in the State Treasurer's office, left for Jacksonville last night. He will be the clerk to Captain J. E. B. Stuart, of the Commissary Department.

Captain Masurier, of Company M, Third Regiment, formerly Company F, of the First, has been awarded first and third honors for being the best soldier in his regiment. There were three grades of honors. In deciding the contest all the qualities that go to make up a good soldier, such as deportment, knowledge of tactics, etc., were taken into consideration. The Captain's friends are rejoiced to learn of the honors that have been won over so many worthy competitors.

TO ELECT CITY OFFICERS.

Joint Session of the Council Tomorrow Evening.

There will be a joint session of the two branches of the City Council tomorrow night to elect those city officers nominated by the caucus held at the end of last month. The particular interest of the meeting will center in the announcement of the various committees, which will be made by Presidents Turpin and Caskie at the end of the session.

Hicks were received at the office of the Engineer in Chief, for the construction of the new bridge over the James River, and there were twelve bids in all, but they will not be opened until the first meeting of the Grounds and Buildings Committee, at which time the contracts will be awarded.

League Officers Elected.

The officers of the Epworth League of Park-Pines, consisting of well-known ladies of the city, held their regular meeting at the hospital yesterday morning at 11 o'clock.

The reports of the work done since the previous meeting were read, and were very satisfactory. After receiving these reports and transacting routine business, the managers adjourned to meet in October, deciding not to hold state meetings during the summer.

Old Point and Ocean View.

Everything is now in readiness for the excursion to Old Point and Ocean View to be given by the ladies of the Old Dominion Hospital on Friday, and it looks as if a large number of persons will take advantage of the occasion. The train leaves the Chesapeake and Ohio depot, seventeenth and Broad streets, at 8:30 A. M.; returning, leaves Old Point at 8:30 P. M.

Petersburg Veteran at the Reunion.

General Stith Bolling was in the city yesterday. The Petersburg veterans, he says, are making arrangements to attend the United Confederate Veterans' Reunion at Atlanta on the 29th in a body.

Routine Business Only.

The lady managers of the Homeopathic Eye Dispensary held a meeting at the institution yesterday afternoon at 5:30 o'clock. Only routine business was transacted.

Electoral Board Meets To-Day.

The Electoral Board will meet to-day to appoint judges and registrars. All the members will be present, but the session will probably not be a very long one.

Mr. B. H. Marsh, of Winston, N. C., a Representative of the Standard Oil Company, will be in the city for several days, a guest of Mrs. L. G. West, Grove road.

TWO GRATEFUL WOMEN

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

"Can Do My Own Work."

Mrs. PATRICK DANIEL, West Winsted, Conn., writes:

"DEAR MRS. PINKHAM:—It is with pleasure that I write to you of the benefit I have derived from using your wonderful Vegetable Compound. I was very ill, suffered with female weakness and displacement of the womb. I could not sleep at night, had to walk the floor, I suffered so with pain in my side and small of my back. Was troubled with bloating, and at times would faint away; had a terrible pain in my heart, a bad taste in my mouth all the time and would vomit; but now, thanks to Mrs. Pinkham and her Vegetable Compound, I feel well and sleep well, can do my work without feeling tired, do not bloat or have any trouble whatever."

"I sincerely thank you for the good advice you gave me and for what your medicine has done for me."

"Cannot Praise It Enough."

Miss GENTIE DUNN, Franklin, Neb., writes:

"I suffered for some time with painful and irregular menstruation, falling of the womb and pain in the back. I tried physicians, but found no relief. I was at last persuaded to try Lydia E. Pinkham's Vegetable Compound, and cannot praise it enough for what it has done for me. I feel like a new person, and would not part with your medicine. I have recommended it to several of my friends."

HOMICIDE IN GILES.

A MAN KILLED BY HIS FATHER-IN-LAW.

MANY SHOTS WERE EXCHANGED.

The Cause of the Trouble, Hard Feeling Growing Out of a Land Transaction—The People Excited—Threats of Lynching.

BLACKSBURG, VA., July 5.—(Special.) Not since the killing of John Luster by Joe Keister here, four years ago, have the people of Blacksburg been so excited as they were by the news which reached here late yesterday evening of the killing of Paris McCroskey that day by Lawson, at New Port, Giles county. Your correspondent has gathered the following facts regarding the affair:

Lawson, in order to save a piece of land from his creditors, deeded it some time ago to his eldest daughter. This daughter subsequently married Paris McCroskey. After the marriage Lawson went to see them, and said it was but just that half of the land should be deeded to his second daughter, so as to secure her a home. This the couple agreed to do. The deed was written by a local magistrate, but when it came necessary to sign it some days later before a notary public, both McCroskey and his wife refused to do so.

A VIOLENT QUARREL.

This precipitated a violent quarrel between Lawson and McCroskey, in which bitter words were said and bitter feelings engendered. The men did not meet again yesterday. Lawson came into Dunell's store, at New Port, with his Winchester and loaded with cartridges, and a scoundrel, and he intended shooting him on sight. He left, and not very long after McCroskey came in. He was told of the threat, but did not make a reply until Lawson had been in the store a few minutes. Lawson fired on him, but he did not make a reply until Lawson had been in the store a few minutes. Lawson fired on him, but he did not make a reply until Lawson had been in the store a few minutes.

OUR SPECIAL MATTER PURCHASE.

267 rolls of 30 pounds to the roll China Matting, stout and strong, 11c. a yard.

18 rolls of 100 pounds to the roll, strong Warp Matting, as good, if not better, than our 30c. Matting, for 12 1/2c. a yard.

112 rolls of all the usual best kinds of 2c. Matting, heavy China Matting, and Fine-Woven Jap Matting, for 3c. a yard.

SHOT HIM DEAD.

Lawson followed, and after pursuing him for a few hundred yards, shot him dead, the ball striking him in the neck. McCroskey had many friends in New Port, and though Lawson had given himself up to the authorities immediately, the people were excited, and a mob was formed. Whether this threat will be carried into execution remains to be seen. It is to be sincerely hoped that it will not be. McCroskey has a brother living here.

FISCALITY.

Interest in the War—The Crops—The Coming Industry.

FISCALITY. VA., July 5.—(Special.) But for the burning of a little powder and the closing of the post-office and bank, yesterday would hardly have been recognized as the anniversary of American independence. The intense interest in the war, and the news coming daily from our struggling army now investing Santiago, rises above everything else, and the great question agitating the minds of all is in regard to the progress of our arms, which is the result of the conflict.

In the midst of the harrowing thoughts of war and its dreadful consequences, we are contending now with a drought which threatens to damage all vegetation which crop, which is the result of the conflict. The most abundant raised in the country for years, has already been secured, and the machines are at work threshing it out. The crop is also a fair one, and will be ready to harvest in a few days.

CHARLOTTESVILLE.

The Memory of Col. Duke—Approaching Congressional Convention.

CHARLOTTESVILLE, VA., July 5.—(Special.)—At a meeting of the Charlottesville Bar held to take action in regard to the death of Colonel R. T. W. Duke, Judge John C. Hunter, Jr., presided, while the clerk of the courts served as secretary. John B. Moon, George W. Morris, Mason Gordon, Daniel Harmon, and Michael Woods were appointed to report resolutions. When the resolutions were presented they were adopted, and brief addresses were made by Messrs. Moon, Gordon, Woods, and Morris. George Perkins was designated to report the resolutions to the Corporation Court, and L. S. Hunter to report them to the Circuit Court. The County Court, which had suspended its session for this meeting, resumed and ordered the proceedings of the meeting entered upon its records.

WOULD WELCOME LAWLESS.

The regiment, or what is left of it, is particularly anxious that Secretary Lawless shall take command of Company D, which is known as the Guard of the Commonwealth, when Captain Crawford retires. Recruits have not been coming in very rapidly of late, but it is expected that the company will reach the standard very soon. There is some excellent material on hand, and though the average height falls an inch or two below the coveted standard of 5 feet, it is hoped that the Secretary will not hold aloof from this account.

RICHMOND RIFLES NOT ORGANIZED.

The Richmond Rifles, recruited by Mr. George Carter, met at the Armory last night to elect officers. Mr. Carter announced that he had been relieved in forming that no election would be held before the company was organized. The company was organized, and the officers were elected. The company was organized, and the officers were elected.

DROPPED DEAD.

NEW UPTON, VA., July 4.—(Special.)—John Green (colored), who lived with Mr. O. J. Harcum, dropped dead yesterday evening, after having worked all day.

CAFE PURE PEEDY.
